

VJCF Series – Straight Non-Compression Fittings (Brass)

- Two (2) component nickel plated brass straight non-compression fitting.
- Provides maximum protection for electrical installations in Industrial & Commercial environments.

Product Details:

- Temperature range - -45°C to + 135°C
- Material - Nickel Plated Brass
- Protection degree - IP54
- Characteristics - High tensile strength, oil resistant, corrosion resistant
- Multi-part two (2) component non-compression fitting
- External male metric thread
- Compatibility - Interchangeable and adaptable with Adaptaflex SP and Flexicon FSU ranges
- Applications - Suitable for threaded and knock out entries.

Product Catalogue No.	Thread Dimensions	Nominal Conduit Size (mm)	Thread Length (mm)	Inside Diameter (mm)	Outside Diameter (mm)
