

FSC Series – Straight Non-Compression Fittings (Brass)

- Two (2) component nickel plated brass straight non-compression fitting.
- Provides maximum protection for electrical installations in Industrial & Commercial environments.

Product Details:

- Temperature range - -45°C to + 135°C
- Material - Nickel Plated Brass
- Protection degree - IP40
- Characteristics - High tensile strength, oil resistant, corrosion resistant
 - Multi-part two (2) component non-compression fitting
 - External male metric thread
- U.V. Protection - U.V. Resistant
- Compatibility - Interchangeable and adaptable with Adaptaflex SP and Flexicon FSU ranges
- Applications - Suitable for threaded and knock out entries.
