

NMCM Series – 90 Degree Nylon Fitting (IP67)

- Two part nylon black 90 degree compression fitting
- External metric thread complete with locknut
- Designed for terminating NM conduit range

Product Details:

- Temperature range - -50°C to + 135°C (Short term 150°C)
- Material - PA66 Nylon
- Colour - Black (RAL 9005)
- Protection degree - IP67
- U.V. Rating - U.V. resistant and suitable for outdoor use.
- Chemical Resistance - Oil and corrosion resistant
- Characteristics - Low fire hazard
- Designed for terminating NM conduit range
- Installation - Two part compression nylon fitting with external metric thread
- Suitable for knock out or threaded entries
- Locknut supplied

Product Catalogue No.	Thread Dimensions (Metric)	Nominal Conduit Size (mm)	Thread Length (mm)	Inside Diameter (mm)	Outside Diameter (mm)	Total Length (mm)
